Independent Auditor's Report

To the Members of
INTERNATIONAL JUSTICE MISSION CANADA

We have audited the accompanying financial statements of INTERNATIONAL JUSTICE MISSION CANADA, which comprise the statement of financial position as at December 31, 2014 and the statements of operations and changes in fund balances and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

In common with many charitable organizations, the entity derives revenue from donations and cash receipts, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the organization. We were unable to determine whether any adjustments might be necessary to revenues, excess of revenue over expense, assets and fund balances.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of INTERNATIONAL JUSTICE MISSION CANADA as at December 31, 2014 and the results of its operations and cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Notes to the Financial Statements

December 31, 2014

1. Nature of Organization and summary of significant accounting policies

a) International Justice Mission Canada (the "Organization") protects the poor from violence throughout the developing world.

International Justice Mission Canada is a non-profit organization incorporated without share capital under the Canada Corporations Act. It is a registered charity under the Income Tax Act and accordingly, is exempt from income taxes, provided certain requirements of the Income Tax Act are met.

b) Basis of accounting

The financial statements have been prepared by management using Canadian Accounting Standards for Not-for-Profit Organizations.

c) Restricted fund accounting

The financial statements of the Organization are maintained in accordance with the restricted fund method of accounting. All financial statement transactions have been recorded in three funds: Operating, Restricted, and Capital.

- The Operating Fund reports the assets, liabilities, revenue, and expenditures relating to program and administrative activities of the Organization that are supported by unrestricted contributions.
- The Restricted Fund reports the assets, liabilities, revenue, and expenditures related to the Organization's programs and activities that are supported by externally restricted contributions.
- The Capital Fund reports the assets, liabilities, revenue, and expenditures related to the Organization's capital assets.

d) Revenue recognition

Unrestricted donations are recognized as revenue in the Operating Fund and restricted donations are recognized as revenue in the Restricted Fund in the year received or postmarked by mail. Other forms of income, such as sales or investment income, are recognized as earned.

e) Contributed services

Volunteers contribute many hours each year to assist the Organization in carrying out its activities. Because of the difficulty in determining the fair value, contributed services are not recognized in the financial statements.

f) Financial instruments

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, equities traded in an active market and derivatives are reported at fair value, with any unrealized gains and losses reported in operations. In addition, all bonds and guaranteed investment certificates have been designated to be in the fair value category, with gains and losses reported in operations. All other financial instruments are reported at cost or amortized cost less impairment, if applicable. Financial assets are tested for impairment when changes in circumstances indicate the asset could be impaired. Transaction costs on the acquisition, sale or issue of financial instruments are expensed for those items re-measured at fair value at each statement of financial position date and charged to the financial instrument for those measured at amortized cost.

g) Inventory

Inventory is comprised of resources such as books, t-shirts, and DVDs which are sold and used for promotional and educational purposes. The items are carried at the lower of cost and net realizable value, determined on a first-in, first-out basis.

h) Capital assets

Capital assets are recorded at cost. Amortization expense is reported in the Capital Fund on a straight-line basis over the estimated useful lives of capital assets. Amortization rates are as follows:

Furniture	7 years
Computer software	3 years
Computer and office equipment	3 years
Leasehold improvements (over initial lease term)	5 years

Purchased items that do not meet the criteria for capitalization are expensed in the Statement of Operations.

i) Use of estimates

The preparation of financial statements in conformity with Canadian Accounting Standards for Not-for-Profit Organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the year. Actual results could differ from those estimates.

International Justice Mission Canada

Notes to the Financial Statements December 31, 2014

j) Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated at exchange rates in effect at the end of the year. Transactions during the year are translated at exchange rates in effect at the date of the transaction. Exchange gains and losses occurring from the date of the transaction to the date of payment are reflected in the Statement of Operations.

k) Allocation of expenditures

The Organization provides various programs and services around the world. The direct costs of each program include the salaries and benefits, supplies and other expenditures that are related to providing the program. The Organization also incurs a number of indirect costs that are related to the administration and support of its programs. The Organization allocates certain general support expenditures, such as management and administrative wages, occupancy, insurance and telephone costs, to its various programs as follows:

Salaries and wages are allocated based on the actual hours spent on the various programs. Occupancy and telephone costs are allocated based on the proportionate time spent by staff on each program or support activity.

l) Leased assets

Leases entered into that transfer substantially all the benefits and risks associated with ownership are recorded as the acquisition of a tangible capital asset and the incurrence of an obligation. The asset is amortized in a manner consistent with tangible capital assets owned by the Organization, and the obligation, including interest thereon, is liquidated over the term of the lease. All other leases are accounted for as operating leases, and the rental costs are expensed as incurred.
